Resolve if your purpose is to get wide distribution and maximum exposure. This objective is aimed toward drawing clients to your business or service, or to establishing the credibility of your reputation. If this is your foremost purpose, it's best to goal to maintain your value on the low side. Some authors have even priced their ebooks at a revenue loss to attract a high variety of new customers. The key is to discover a price that maximizes your profits and the variety of books you sell.

This is an excellent pricing strategy if you are seeking to acquire long-time period customers. Long-term clients are extremely possible to purchase from you again and again ? so long as the first e book they buy is of distinctive quality and beneficial to the customer.

However, if your e book comprises worthwhile ? and extra importantly NEW info, references, or strategies ? then you must aim to price it on the excessive end.

If you want to see giant profits over customer draw, purpose for an audience that's in search of easy solutions to their problems at a low price. In case your ebook is geared toward solving one particular downside relatively than common advice, then you may charge more. Start on the highest worth the market will bear to bring in the largest earnings, and plan to discount the e book a number of instances throughout the year.

Marketing Methods

One is to offer one thing away without cost with your e-book, equivalent to a invaluable bonus item. Or bundle several ebooks below one price, which lowers the price for each e book if they were sold separately.

Do this by creating a sales web page for the brand new book, however don't include a price on that page. Instead, add a lot of links to survey questions that ask pointed questions to assist you in assigning a price to your ebook.

One other technique is to check out prices by creating a number of duplicate gross sales pages with totally different prices on every page. Be sure that your gross sales copy is strictly the same on

each web page, and consists of your selling-handle sentence. Then figure out for each page the conversion ratio between visitors to your site and gross sales of your book. It will let you know what your optimum worth is.

Ultimately, when you've written a book that solves a drawback or presents a new technique, your guide will herald both traffic and profits.
