An effective method for figuring out a price is to send out a survey to your present customers. If these customers have already purchased an e book from you, ask for their opinion when it comes to price. Do this by creating a gross sales page for the new e-book, but don't embrace a price on that page. As a substitute, add plenty of hyperlinks to survey questions that ask pointed questions to aid you in assigning a price to your ebook.

Another strategy is to test out costs by creating a variety of duplicate sales pages with totally different prices on every page. Be certain your gross sales copy is strictly the identical on each web page, and consists of your selling-handle sentence. Then figure out for each web page the conversion ratio between guests to your web site and sales of your book. It will tell you what your optimum worth is.
