An efficient approach for determining a worth is to ship out a survey to your current customers. If these customers have already purchased an book from you, ask for his or her opinion in terms of price. Do this by making a gross sales web page for the new guide, but do not include a worth on that page. Instead, add quite a lot of links to survey questions that ask pointed questions to aid you in assigning a price to your ebook.

One other technique is to test out costs by creating a variety of duplicate gross sales pages with different prices on every page. Make sure that your sales copy is precisely the identical on each

web page, and consists of your selling-deal with sentence. Then figure out for each page the conversion ratio between guests to your website and gross sales of your book. This can inform you what your optimum worth is.

In the end, when you've written a book that solves a downside or presents a new technique, your e book will bring in each visitors and profits. So remember to write that selling-deal with sentence that sums up what downside your e-book solves and what the benefits of your 134 guide might be to the purchasers who purchase it.
