After you figure out your aim, you have to figure out what your audience's need is in your ebook. For example, does your ebook remedy a particular drawback? If it does, and solves it in a means that hasn't been written about in one hundred different ebooks, you'll be in a position to obtain high

sales at an excessive price. If your guide solves a problem or answers questions in a new and unique manner, you should price your e-book as high as you possibly can go. If your ebook is aimed toward fixing one explicit problem moderately than normal recommendation, then you may cost more. Start at the highest price the market will bear to usher in the largest income, and plan to discount the ebook a variety of occasions all through the year.
