An effective approach for figuring out a value is to ship out a survey to your present customers. If these clients have already purchased a book from you, ask for his or her opinion in terms of price. Be sure your gross sales copy is strictly the same on every page, and contains your selling-handle sentence. Then determine for every page the conversion ratio between guests to your website and gross sales of your book. It will tell you what your optimum value is.

Finally, in case you've written a ebook that solves a downside or presents a new approach, your e book will usher in each traffic and profits.
