Another strategy is to test out prices by making a number of duplicate gross sales pages with completely different costs on every page. Make sure that your gross sales copy is precisely the

identical on each page, and contains your selling-deal with sentence. Then work out for every web page the conversion ratio between guests to your web site and gross sales of your book. This may inform you what your optimum worth is.

Finally, in the event you've written a e-book that solves a drawback or presents a brand new method, your e book will herald both site visitors and profits. So be sure to write that selling-handle sentence that sums up what downside your e book solves and what the benefits of your 37 e book will be to the customers who buy it. And then watch your market come to you!
